FASTER. THINNER. STRONGER.

Not all natural nails are created equal, so that's why CND has four different tip options - Performance, Velocity™, Eclipse™ and Formation™ - to truly customise your enhancement services and ensure you get the perfect fit every time.

PERFORMANCE TIPS

Our thinnest tip, with a deep "C" curve and natural upper arch. No contact area requires minimal blending and allows easy placement on healthy nails with a slight extension edge.

VELOCITY TIPS

Our most dramatic upper arch, with a deep "C" curve. Micro contact area allows for fast blending on healthy nails with a slight free edge.

ECLIPSE TIPS

A square "C" curve, dramatic upper arch and winged contact area makes this the perfect tips for nails with deep sidewalls.

FORMATION TIPS

Our most versatile tip. Gentle "C" curve, a dramatic lower arch and full contact area conforms to most nail shapes.
